

Prayer Requests

This is not True, we never said that Moriel can't pray for Doug Harris, all we were doing was pointing out that Moriel has ecumenical ties with Doug Harris and calls him a Christian, as is again clear here.

• We have learned that the tumour discovered near the liver of Doug Harris is malignant. Hopefully it is not metastatic. Please pray for the resources to relocate him back to the UK from Spain to the Royal Marsden in London for treatment. Please pray for Doug's healing and for his family as well as wisdom for his oncologists.

We are reminded that Doug is a gifted apologist in anti cult ministry and is involved with various ministries including Reachout Trust and Christian Friends of Israel . While Moriel does not agree with Doug's position with Revelation TV nor his views on Roman Catholicism, we do recognise him as a Christian who is an evangelist to those trapped in cults and he is a Christian supporter of Israel. We see this health crises as a time to put certain theological differences on the back burner for the time being and instead focus on prayer for Doug's health and family in a Christ honouring Spirit of good will and good wishes. We take exception to those lunatic fringe and dishonest ultra fundamentalist websites critical of us and of others for requesting prayer for Doug. This is not a time for contempt but for compassion. It remains our sincere desire that in the grace of The Lord , Doug will come through this struggle .

Jacob Prasch & Moriel ask to Please keep him in your prayers at the present time. In Christ/ JJP & Moriel
